

# PUPIL WORKSHEET

## A STRANGER IN THE HOUSE

In the story that you heard about Jade and her father Stuart did you notice all the things that happened that, added all together, put Jade in a potentially dangerous situation.

**See if you can answer the questions below about the story – A Stranger in the House.**

Question 1:

Who first showed Jade how to use the chat rooms?

Question 2:

What did Stuart think Jade was using the computer for?

Question 3:

Did Stuart know how long Jade was online every night?

Question 4:

Why do you think Jade visited Chat rooms?

Question 5:

What made Jade so sure that Hero was a 15 year old boy?

Question 6:

Do you think it was strange that Hero liked everything that Jade liked?

Question 7:

What personal information did Jade give Hero that put her at risk?

Question 8:

Why do you think Jade wanted to meet Hero alone?

Question 9:

What could have happened to Jade?

Question 10:

Were Stuart and Jade going online again? If they were – what was different about how they were going to use the Internet?

Once you have answered all the questions think about the following statements and see if you think they right ALWAYS, SOMETIMES or NEVER. WHY do you think that is the right answer?

| STATEMENT  | ALWAYS/ SOMETIMES/ NEVER | WHY THAT ANSWER? |
|--|--------------------------|------------------|
| 1 The Internet is a dangerous place  |                          |                  |
| 2 The Internet is a great place  |                          |                  |
| 3 Chat rooms are dangerous   |                          |                  |
| 4 Chat rooms are fun   |                          |                  |
| 5 The Internet is a good way to make new friends                                       |                          |                  |
| 6 People tell the truth on the Internet  |                          |                  |
| 7 Ask a parent before sending a picture of yourself over the Internet                  |                          |                  |
| 8 Just ignore anything that you find upsetting in the Internet                         |                          |                  |
| 9 I don't need to tell my parents if I am meeting someone I got to know online         |                          |                  |
| 10 A friend online should understand if I don't want to give them personal information |                          |                  |
| 11 Giving someone your mobile number is fine   |                          |                  |
| 12 All the information on the Internet is true and has been checked                    |                          |                  |
